SKILLED LOCKSMITH CONSUMER GUIDE

ABOUT **CORGI FENESTRATION**

There is no getting away from the fact that most people associate CORGI with Gas Safety, and that is understandable as it is where we came from. Now celebrating the 50th anniversary of the brand, it is this heritage which helped it to develop into what remains today; one of the most recognised and truly trusted brands when it comes to trust, reliability, expertise and quality.

CORGI Fenestration builds on this reputation by bringing the **CORGI** brand and values to the locksmith sector.

ABOUT **CORGI FENESTRATION** REGISTERED LOCKSMITH COMPANIES

Companies register with **CORGI Fenestration** to be recognised for their professionalism and expertise. **CORGI Fenestration** is a quality mark that indicates best practice across company management, operations, qualifications and installations.

CORGI Fenestration Locksmiths are required to hold an appropriate accredited qualification for the work they carry out, company insurance and hold a current Disclosure Barring Service certificate.

Companies registered by **CORGI Fenestration** are assessed on a regular basis to ensure that they are competent and capable of meeting the relevant technical and safety standards, codes of practice and rules of the Schemes. Companies are assessed for how they operate their business and not just for how they install or repair products.

RATE YOUR INSTALLATION

In addition to our assessment routine we ask each customer to RateYourInstallation which allows homeowners to choose locksmiths independently rated by other satisfied customers. Details on how to rate your installer will be included in the email that contains your certificate. Your opinion is important to us as we use this as part of our assessment of the company.

OUR SCHEME

The **CORGI Fenestration** Scheme includes the repair or replacement of locks on your property or vehicles and provides you with a certificate which confirms the work you have had conducted.

Your **CORGI Fenestration** company notify the work they carried out at your property to us. **CORGI Fenestration** will then provide a certificate identifying the work carried out at your property and the company you employed.

If you provide email contact details, your certificate will be sent to you after 48 Hours. If you would prefer not to have your certificates delivered electronically then we will send them by mail but they will take longer to reach you.

WHAT ARE THE BENEFITS TO ME?

You will be able to demonstrate that the work was carried out by a skilled locksmith company who has been assessed by an independent third party.

This certificate can be used to provide evidence to your insurer or landlords to confirm work has been completed.

Should you decide to sell your property you will have a certificate that you can produce for your solicitor as evidence of the work you have had done.

Don't worry if you lose your certificate either as replacement certificates are available free of charge.

More Information is available on our website www.corgifenestration.co.uk
